

## Flexibuild Innovations Pop Top Bathroom

Mobile/Transportable bathroom for hire with "Pop-Up" roof design for easy installation inside an existing garage, carport or shed. We deliver and set it up for you to use including all required connections to your existing on site water supply, sewer and power (we require a 15amp power point to plug the bathroom in via a 30m long extension cable).

These units are designed as a disability bathroom for someone in a wheel chair or they can be used as a standard bathroom.

Also, entry is via the provided ramp for ease of access.

### Key features and specification's include:

- **External Dimensions:** 2.2m wide x 3m long and 2.4m high when set up, roof height when down for transport and delivery is 1500mm.
- **Accessibility:** Specifically designed for mobility or disability needs with a ramp for easy access, floor height is only 175mm.
- **Setup:** Normally delivered and set up for use within the same day.
- **Suitability:** Ideal for temporary, accessible bathroom needs with short or long-term hire options available. Contact us to discuss pricing.
- **Features:** Includes step free access via the 1200mm long ramp, disability fixtures and grab rails, a toilet with back rest, shower with seat, hand basin, hot and cold water. Optional extra's include a heater for colder locations and or a air con for warmer locations (extra pricing may apply for the optional items and subject to availability).
- **Service Area:** We service all areas from Cairns to Townsville and surrounding areas.
